As a Bachelor's graduate in Computing, I bring a solid foundation in IT, reinforced by strong communication and self-motivation skills. My academic journey has equipped me with in-depth knowledge and hands-on experience in areas such as programming, database management, networking, and management principles. I am committed to applying my strengths and expertise to contribute effectively to any organization I join.

EXPERIENCE

App Developer Intern

Sanepa Jhamshikhel Lalitpur

OCG Software

Aug, 2023 - Jan, 2024

Played a key role in developing a Nepal-based e-commerce platform. Utilized Flutter to create an intuitive and responsive UI and integrated various APIs to ensure seamless functionality and an enhanced user experience.
