Samakhushi, Kathmandu

Professional Summary

Highly motivated Computing graduate with a strong foundation in full-stack web and mobile development. Proficient in JavaScript (React), PHP (Laravel), and database management, with a keen focus on mastering the MERN stack. Eager to build robust, scalable applications and contribute to innovative tech solutions.

Professional Experience

App Developer Intern

OCG Software, Sanepa
Aug 2023 – Jan 2024

Contributed to a Flutter-based e-commerce platform, enhancing UI/UX and integrating REST APIs for seamless backend communication.

Personal Projects

MERN Stack Blog Application

Developed a full-stack blog platform, replicating core functionalities of Medium, including rich text editing, user profiles, and post management. Implemented robust user authentication and authorization using JWT (JSON Web Tokens).
Technologies: React.js, Node.js, Express.js, MongoDB, JWT.

MERN Stack Movie Booking Application

Built a complete movie booking system, allowing users to browse movies, select showtimes, and manage bookings. Features include dynamic content display and seamless user interaction for ticket selection.
Technologies: React.js, Node.js, Express.js, MongoDB.

Senior Shield (Flutter Healthcare App)

A Flutter-based healthcare app for the elderly, integrating IoT devices for health monitoring, pill reminders, and telemedicine.
Technologies: Flutter, Dart, Firebase, IoT

React Frontend Portfolio (Web Development)

Collection of responsive web applications including landing pages, UI dashboards, and a task manager, demonstrating strong React and API integration skills.
Technologies: React.js, JavaScript, RESTful APIs.

Restaurant Management System (Laravel Full-Stack)

Developed a comprehensive full-stack system for managing restaurant menus, orders, and reservations along with payment integration.
Technologies: Laravel, PHP, MySQL, JavaScript, Paypal

Education

Bsc (Hons) Computing
The British College / LBU, Kathmandu
Feb 2021 – Sep 2024

I earned my BSc. (Hons) in Computing from The British College / LBU, Kathmandu, graduating with First Class Honors in Sep 2024. Prior to this, I completed my +2 (Science as major) at Ambition Academy from August 2018 to December 2020, achieving a GPA of 3.66/4.0.

Technical Skills

- Frontend:** React.js, Flutter, HTML5, CSS3, JavaScript (ES6+), Responsive Design
- Backend:** Laravel (PHP), Node.js (Express.js), RESTful APIs
- Databases:** MySQL, Oracle, Firebase, MongoDB
- Tools:** Git, VS Code, Postman
